

# 29HD

**SNO-WAY®** *Move it.*

Commercial Plow Performance Without the Weight.

Tough. Reliable. Built to perform day in and day out. Winter after grueling winter. As a professional plower, you depend on the steel in front of your truck to move your business ahead. That's why more and more contract plowers are using Sno-Way's 29HD Series. The 29HD has all of the desirable characteristics in an extreme-duty plow: High-strength steel moldboard and A-frame construction; fast, responsive hydraulics; and optimized blade geometry for exceptional snow-rolling performance. Engage Sno-Way's optional patented Down Pressure® snow plow hydraulic system controlled wirelessly and watch your efficiency and profits soar.

Sno-Way 29HD's are designed to upfit on HD half-ton trucks up to one-ton vehicle applications. The 29HD Series is available in two hardworking blade sizes – 7'-6" and 8'. For even more productivity, ask your Sno-Way retailer about exclusive Sno-Way accessories for your blade.

29HD Shown with Optional Sno-Way® E-Z Fit Straight Blade Poly Snow Deflector

The built-in mounting system for the E-Z Switch™ Wing System allows you to add accessory wing options that can more than DOUBLE your snow moving capabilities

## SNOW MOVING CAPACITY

29HD WITH  
3" E-Z SWITCH BOX WINGS

29HD WITH  
9" E-Z SWITCH WINGS

## FEATURES

- » Patented Ground Hugger Blade Design
  - Keeps Plow on the Ground
- » E-Z Switch™ Wing Mount System
  - More than doubles snow-moving capacity
- » Drive In Truck Mount System
- » Pre-Drilled Top Blade Rail
  - Allows for E-Z Installation of E-Z Fit Deflector
- » Robust Full-Load Trip Springs
- » Patented Shock Killer™ Trip Return System
  - Reduces Return Shock to Truck and Driver
- » Custom designed to accept the E-Z Switch™ Wings
- » Optional Down Pressure® Hydraulics System
  - Scrapes clean forward and back dragging
  - Increases snow-moving efficiency 30%
- » EIS™ – Energy Interruption System
  - Down-time reduction
  - Corrosion elimination
  - Plug and play design
- » Triple -Coat Protection
  - Zinc Phosphate Wash
  - Automotive E-Coat Primer
  - Military Grade Powder Coat Finish

Sno-Way was the first to keep the plow and power pack as one integral unit – the first sealed plow hydraulic unit.

Control your snow-moving machine with a touch of a button using Sno-Way's Wireless or Wired Pro Control II™
