NOTE: In order to disconnect some vehicle headlight connectors, it may be necessary to remove the headlamp assembly from the front of the vehicle, if the connector is not easily accessible.

2. Plug in Lamp Adapter Leads, Right and Left, from the Conversion Kit into the two 3-contact female sealed-beam connectors on the main Plow-light Harness. Connect other end of Lamp Adapter Lead into vehicle headlamp.
3. Connect Female Adaptor Leads, Right and Left, to the Plow Light Harness Connectors. Connect other end of Lamp Adapter Leads into the respective vehicle harness connector, formerly plugged into headlamp.
