

26V

1/2 Ton Flared Wing V-Plow

SERIES 2

Fits 1/2 Ton Trucks

You **MUST** see your retailer or check online application guide for current truck application information

The 26V Series 2 is 8 feet wide with a flared wing design. It is specifically made to provide 1/2 ton trucks superior snow moving capability. The unique Ground Hugger™ blade design keeps the blade on the ground and the patented MaxADJUST™ Leveling System enhances cleaning.

Flared wing design

- Moves more snow

MaxADJUST™ Leveling System

- Safer and easier to adjust plow

MAXIMUM SNOW MOVING CAPACITY

DOWNPRESSURE® STANDARD

FEATURES

26V SERIES 2 SPECS

Sno-Way's Patented MaxADJUST™ Leveling System allows the user to make adjustments while standing in front of the plow instead of from underneath. This system allows for easy use on fleets that use more than one

type of truck model because there is no plow frame disassembly necessary for proper fit to each truck.
