

29VHD

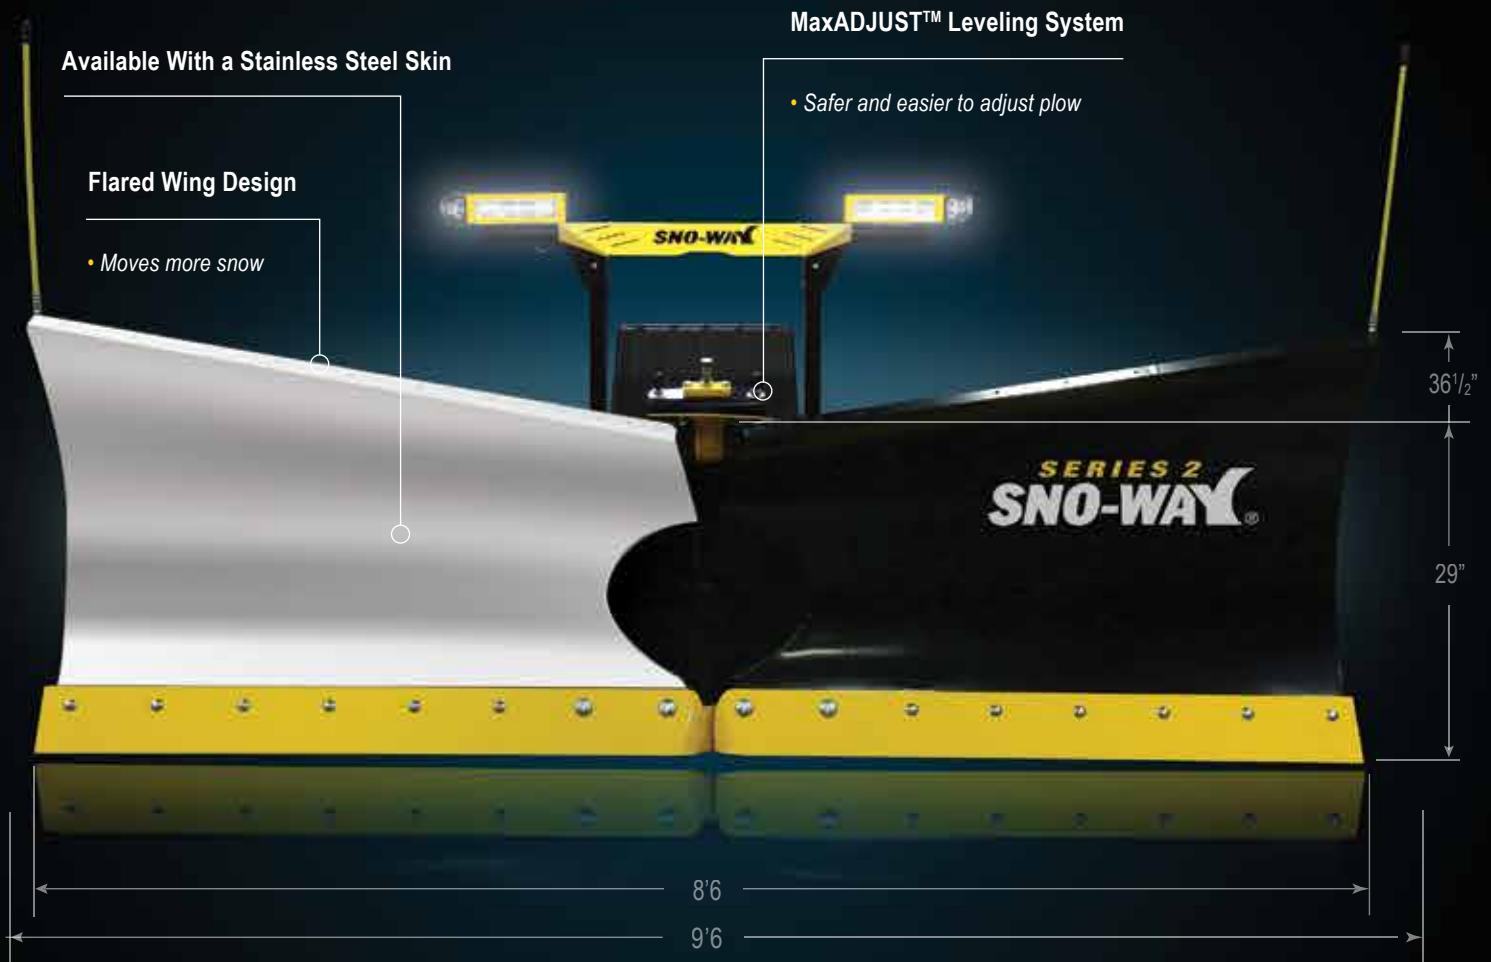

Best Cleaning Commercial V-Plow

SERIES 2

Fits 3/4 Ton to Class 5

You *MUST* see your retailer or check online application guide for current truck application information

The 29VHD Series flared wing V-Plow, available in powder coated steel or with a stainless steel skin, has our patented Ground Hugger™ blade design along with the MaxADJUST™ Leveling System to keep the plow on the ground with optimal alignment that eliminates snow trails.

Available With a Stainless Steel Skin

Flared Wing Design

- Moves more snow

MaxADJUST™ Leveling System

- Safer and easier to adjust plow

MAXIMUM SNOW MOVING CAPACITY

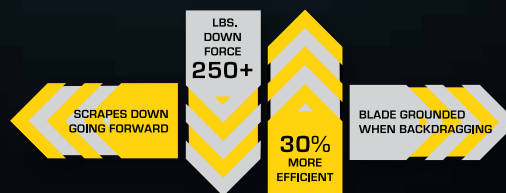

29VHD at 15°
on 9'6 Model

29VHD at 30°
on 9'6 Model

DOWNPRESSURE® STANDARD

Stainless Steel Skin Kit

Looking for stainless steel for your 29VHD?

Purchase the Stainless Steel Skin Kit. Inserts easily over your powder coated steel skin for an eye catching look. (Includes decal and hardware.)

FEATURES

29VHD SERIES 2 SPECS

Sno-Way's Patented MaxADJUST™ Leveling System allows the user to make adjustments while standing in front of the plow instead of from underneath. The operator can adjust the center hinge for perfect plowing alignment and eliminate a

snow trail. This system allows for easy use on fleets that use more than one type of truck model because there is no plow frame disassembly necessary for proper fit to each truck.
